# ASSEMBLY INSTRUCTIONS

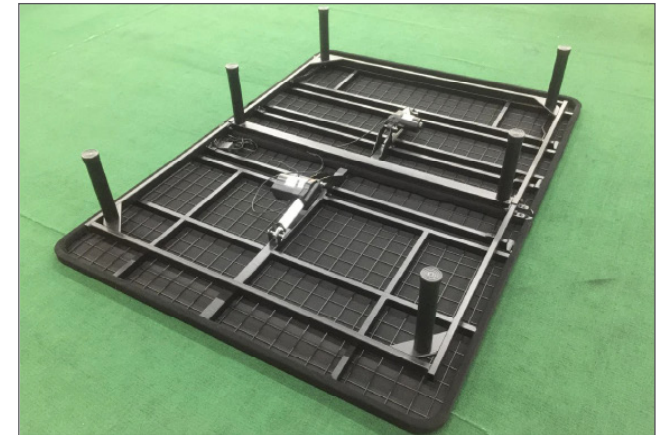

For customer service call 1-877-707-7533  
or email [azcustomerservice@classicbrands.org](mailto:azcustomerservice@classicbrands.org)

**STEP 1:** Carefully open the carton and remove all boxes then lay out the top and the bottom of the base as one unit as shown. Cut all zip ties and remove.

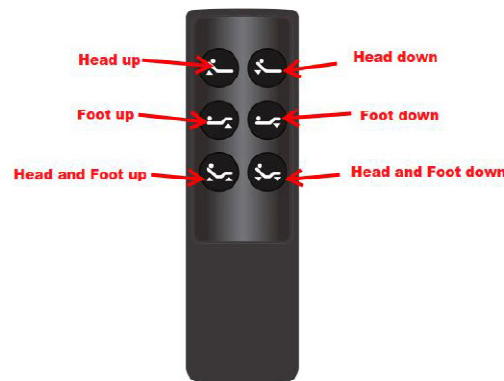

**STEP 2:** To attach the corner bed legs, rotate the end bolts into the holes in the corner brackets.

**STEP 3:** Put remaining legs on the base and tighten. When ready to flip the base over, make sure you do not use the legs as leverage as they may damage the legs and/or base.

**STEP 4:** Insert the mattress retainer bar into the grommets as shown.

## SYNCING ONE REMOTE:

Each base comes factory synced to its own remote. If not synced follow these instructions:

**Step 1:** On the remote press and hold the "head down" button and the "foot up" button at the same time for 10 seconds

**Step 2:** Push the button on the side of the control box underneath the bed where it indicates reset coding. Do not press and hold the side button, just press and release.

**Step 4:** Once you hear a beep that will indicate that the remote is synced
